

ACME Corp. Q3 FY26 Earnings Call Transcript

Executive Prepared Remarks Summary

ACME Corp CEO, John Doe: We delivered solid momentum. Looking forward, we are establishing our Q3 Revenue Guidance at a range of \$500M to \$550M. We estimate our two operating segments will drive this: Product segment revenue is guided to reach \$300M, and Services segment is guided to reach \$120M. Additionally, we expect Q3 Net Income of \$80M, which represents an operating margin target of 25% on the guided mid-point revenue of \$525M.

Q2 Historical Financials Table

Financial Segment	Q2 Actuals	Q1 Actuals	Q2 YoY Change
Product Revenue	\$290M	\$280M	+3.4%
Services Revenue	\$115M	\$110M	+4.3%
Total Revenue	\$405M	\$390M	+3.7%

Operating Expense Outlook Notes

CFO Jane Smith: In Q3, we project operating expenses of \$450M to support product expansions. Our Q3 Net income guidance of \$80M is sound.
